## Career Objective:

To obtain a challenging position in software development where I can apply my skills in Java Full Stack technologies to build efficient, scalable applications and continuously grow my technical and problem-solving abilities.

## Educational Qualification:

<b>B.Tech(CSE)</b> , Annamacharya Institute of Technology and Sciences, Rajampet. CGPA   7.3	2025
<b>Diploma (MECH)</b> , Sree Vidyanikethan Engineering College, Tirupati. CGPA   7.22	2022

## Skills:

### Programming Languages

Java, Python

### Database

MySQL

### Web Technologies

HTML, CSS, JavaScript, React

### Developer Tools

Linux, Git, GitHub, VS Code.

## Internship:

### Full Stack Development(Web & Java) Internship 07/2024 – 09/2024

- Gained hands-on experience in Java Full Stack Development, working on backend and front end technologies. Developed and maintained web applications, focusing on Java, Spring Boot, and React JS.

### Cyber Security Internship

Duration:8 weeks

- Gained hands-on experience in cyber security practices, including network security, vulnerability assessment, penetration testing, and incident response. Worked on real-world security scenarios to identify threats, analyze risks, and implement mitigation strategies.

## PROJECTS:

### Evasive SMS Spam Detection Using Machine Learning Models.

Developed a machine learning-based SMS spam detection system using SVM, Random Forest, Decision Tree and Naïve Bayes. Implemented text preprocessing and advanced feature extraction techniques to enhance accuracy and resilience against adversarial attacks.

## Certificates:

- I Got 2 NPTEL Certificates on 1. The Joy of Computing Using Python, 2. Introduction to Industry 4.0 and Industrial Internet of Things.
- I actively participated in Certified Workshops on IoT, Robotics Programming and Drone Technologies, gained exposure to hardware integration, coding, and autonomous systems.
